

Junior Congregation

Tefillot should be said aloud This will help the children learn how to daven and how to pronounce the words correctly.

Suggested Schedule:

Please note that this is a suggested schedule and leaders should feel free to judge for themselves if the schedule and what tefillot are said out loud needs to be adjusted. The goal in creating the schedule is to break up the davening a bit. **Please remember that Rabbi Davis will be coming in each week as well which should help in this area.**
